Faculty Advisor MR. DARROW C. FOX

PRESIDENT'S MESSAGE

Perhaps few colleges have "grown up" as suddenly as has Indiana Technical College. One day our faculty and student body occupied approximately 40,000 square feet in a downtown building, part of which was a converted mortuary. The next day the students and faculty held classes on a campus of twenty-two buildings occupying more than twenty acres! (Those of you who were here in the summer of 1957 know that the transition, while not quite as dramatic as that, was almost as sudden!)

The root growth of Tech since its inception in 1930 made possible this sudden fruition. Fertile seed has been planted in well-tilled soil. Each of us—faculty member and student—has worked vigorously and God has blessed our efforts!

On our new campus evidence of growth is all about us. The new Dana Science Building gives testimony of continuous growth and expansion. Through the years, buildings will be added to help meet the ever-increasing responsibilities which confront institutions of higher learning. Brick, mortar and modern buildings, however, do not make a college. The essence of a college is a competent faculty, teaching curious and sincere students. We, the faculty and Administration of Indiana Technical College, pledge to you, the students, our best efforts.

ARCHIE T. KEENE, President

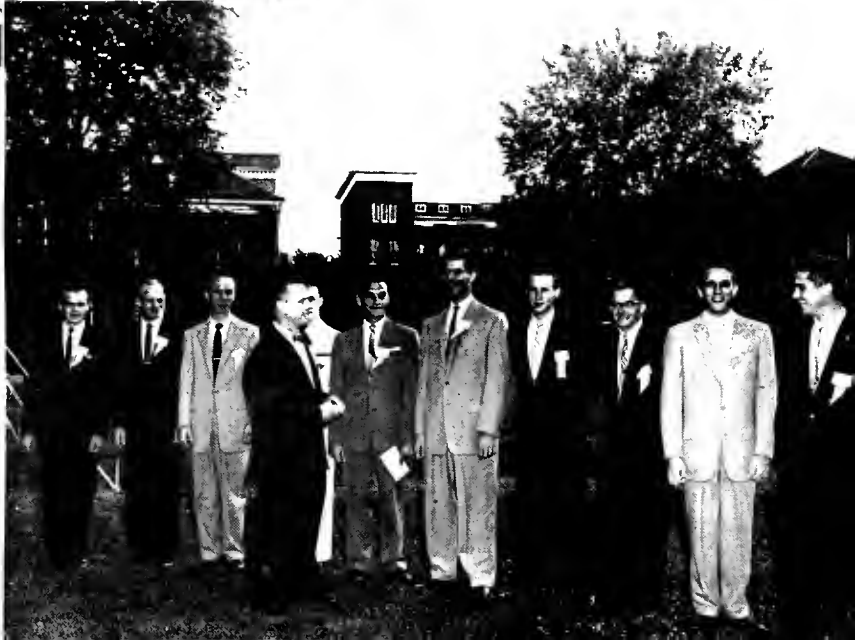

Mr. Dana speaks at Cornerstone Laying Ceremony.

The cornerstone for the new Dana Science Building on the Indiana Technical College campus is placed in position by Charles A. Dana, President of Dana Corp., as Archie T. Keene, President of the college, and other dignitaries look on.

At any open house or homecoming, a reception center for registration and guides for tours of the premises are essential elements. Above shows the reception center and some guests registering. Above, Miss Neuman, secretary at Tech, passes out literature pertaining to the festivities to Mr. and Mrs. K. N. Campbell of Mead Johnson and Co. while Daniel Noble of Motorola and John Mee of Indiana University look on.

Professors, members of ITC Board of Directors, and recipients of citations gather for procession to dedication ceremonies in ITC's gym.

Reception for Mrs. Dana held at President Keene's home. Left to right: Mrs. A. T. Keene, Mrs. C. A. Dana, Mrs. Carl Pierson, Mrs. D. W. McMillen, and Mrs. Arthur Fruechtenicht.

Student Joe Miller greets A. L. Freeland, president, Dayton Rubber Co., as he disembarks from his private plane to attend Tech's festivities.

View of speaker's platform, Dedication Day, in ITC's gym.

DEDICATION

Wheeler Sammons, Jr., Editor-Publisher, "Who's Who of America," speaks at dedication ceremony.

Sammons presenting "Who's Who" Citation to Mr. Dana.

Guests and visitors congregate before dedication.

Recipients of citations for distinguished leadership in industry followed by faculty in procession to dedication ceremony held in Tech gym.

TOLEDO CIVIC CHORUS: Roger Barnes, Director; Esther West, Accompanist; and William Hazard, Tech Instructor, guest conductor (Founder and Permanent Conductor 1951-1957). This group provided a special concert for the dedication ceremonies.

Arthur Fruechtenicht, Attorney at Law, Chairman of the Board of Directors of ITC, accepts new Dana Science Building.

Lawyer — Industrialist — Servant of Education — Benefactor of Mankind — all these titles portray the multiple facets of the man to whom was paid due tribute during the Dedication Day ceremonies.

It was Charles A. Dana, who as Founder and President of the Dana Foundation, gave Indiana Technical College the new \$300,000 Dana Science Building. When the offer of the new building was made, Mr. Dana "challenged" the college and the community to raise an additional \$600,000 to purchase equipment for the new building and to remodel and renovate the existing buildings on Tech's campus. This challenge was met through the dedicated services of committee members who worked long and diligently in behalf of the Tech Advancement Program. We know that in saluting Mr. Dana, he would be the first to point out that without the generosity of local and area firms, foundations, friends and alumni, this momentous occasion would not have been possible.

Over every enterprise
The shadow of a great man lies.
Back of all things worthy wrought
Lie his vision and his thought.

(From "One Man's Shadow")

CHARLES A. DANA
A.B., M.A., D.C.L., L.L.D.

Demonstration of magnet wire test equipment built by Research, Development and Testing Department.

OPEN HOUSE

Dr. Dixon shows distinguished guests—Ronald Hazen, John Campbell, David Byrd and Leroy Stutzman—the Geiger counter.

Philo Farnsworth and family view general chemistry laboratory with Prof. Irving Weinstein.

Displays of native goods from Arab countries.

"Young" Tech student takes a "transit" view of the future.

C. A. OVERHOLT
Vice-President and Treasurer

ADMINISTRATION

HERMAN A. SINEMUS
Administrative Engineer

INEZ M. PONTIUS
Registrar

The Dana Science Building.

REGISTRATION DAY

Anyone who remains calm in the midst of all this confusion simply does not understand the situation.

HOLLY YOUNG
Assistant Editor

The life of every man is a diary in which he writes one story but means to write another; and his humblest moment is when he compares the volume as it is, to what he vowed to make it. (Sir James Barrie).

Yearbooks have little significance other than souvenir proportion when first received. Their value to the individual increases as time passes.

The picture story which unfolds as the pages are turned, depicts the events which took place while you attended Tech. These events will probably be made more memorable for those who participated in some of the school activities.

Participation is the spice of existence—let the life you look back upon be a zestful one.

AERONAUTICAL ENGINEERING

Aeronautical Engineering has made momentous strides in the 54 years since the first flight of heavier-than-air machines. Since the Wright Brothers first airplane to today's supersonic fighters, the aircraft industry has seen many changes. Today's aircraft designers and builders work as a team. Individual engineers concentrate their effort on small phases of the overall project, resulting in a complicated but efficient design. More and more scientific knowledge is necessary to keep pace with today's advanced aircraft. The importance of basic knowledge in the fields of mathematics, physics, and mechanics is becoming more apparent. The Aeronautical Engineering Department at Indiana Technical College strives to have the student well prepared in the basic sciences before the advanced aeronautical topics are undertaken. A graduate with a B.S. degree in Aeronautical Engineering may enter many phases of the aeronautical field. The ever increasing advances in the field of aeronautics, such as the earth satellite project, will continue to offer a challenge to the engineers of the present and future.

PROFESSOR BENJAMIN L. DOW
Head, Aeronautical Engineering Department

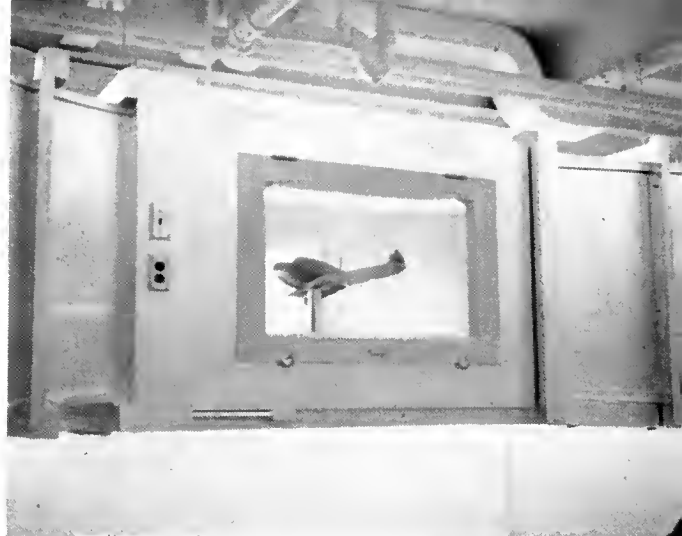

BENNETT L. KEMP
Assistant Professor

WILLIAM S. HAZARD
Instructor

CANDIDATES FOR DEGREE

First Row:

JAWAD ADHAM, Beirut, Lebanon; I.A.S., United Nations Club, Secretary of Arab Student Club; Fencing Club, Vice President, Captain of Foil Team, Sergeant of Arms; President's List, Four terms.

MUSHTAQUE AHMED, Karachi, Pakistan; I.A.S., S.A.E., United Nations Club, Pakistan Student Association, President; Fencing Club, Captain of Saber Team; President's List, One term.

FRED C. BADER, Harrison, Ohio; I.T.K.; President's List, Five terms.

Second Row:

HARRY LLOYD BAKER, JR., Fort Wayne, Indiana; Intramural Softball, President's List, Three terms; American Rocket Society.

DENNIS E. RELING, McArthur, California; Flying Club; President's List, Seven terms; Caswell Engineering Drawing Award.

HEINO BORN, Baltimore, Maryland; President's List, Six terms; Honor Roll, One term.

LEFT

First Row:

MICHAEL A. BOWEN, Fort Wayne, Indiana; President's List, Eight terms, Honor Roll, Three terms.

SIEGFRIED W. BRUNNENKANT, Heppenheim/Bergstr., Germany; I.A.S., Fencing Club, Male Chorus, President's List, Eight terms; AeE 702A, AeE114A, Winter term.

Second Row:

RICHARD B. DONER, Toronto, Ontario; President's List, Three terms.

GENE B. DURAND, Shelton, Washington; I.A.S., A.R.S.; Alpha Gamma Upsilon, President.

BELOW

First Row:

GORDON M. HARPER, Perry, Michigan; Fencing Club; Beta Sigma Tau; Intramural Softball and Football.

HERBERT O. KREDIET, Corsica, South Dakota; I.A.S., Secretary, Chairman; President's List Six terms.

DOUGLAS E. MACKINNON, Elberon, New Jersey; S.A.M.E.; Flying Club.

Second Row:

DANIEL T. MOUREY, Fort Wayne, Indiana; I.T.K.; President's List, Seven terms; Student Instructor, Phy. A, Two terms.

ROY E. PRENTICE, Wethersfield, Connecticut; S.A.M.E.; Soccer 1956-57; Intramural Softball and Basketball.

VINCENT QUAGLIARIELLO, Brooklyn, New York; Newman Club, Publicity Committee Chairman; Bowling; Fencing; Softball; Rifle Team.

First Row:

RICHARD J. RAJCHEL, South Hadley Falls, Mass.; President's List; American Rocket Society; S.A.E.

RUSSEL E. RHODES, Tippecanoe, Indiana; Rifle Club, Treasurer; Kemp Canon Trophy Award; Intramural Softball.

GEORGE A. SEFTON, Shandon, Ohio; President's List, One term.

Second Row:

LARRY C. SHROUT, Fort Wayne, Indiana; Kappa Sigma Phi, Pledge Master; Secretary, Four terms; Varsity Club, Treasurer; KEKIONGAN, One term; Fencing Team, Three Years; Captain, Epee Team.

DONALD J. SKIBA, Rochester, New York; Newman Club, Vice President; Camera Club, Chairman; Student Instructor, Phys 22, One term; Phys 32, One term.

DALE E. STEVENS, Niles, Michigan; Iota Tau Kappa, Three terms; President's List, Four terms.

RIGHT

First Row:

HAROLD E. VICKERS, Millsboro, Delaware.

HAL E. WEIDNER, Montpelier, Ohio; Kappa Sigma Phi, Recorder; KEKIONGAN, One term; Intramural Basketball and Volleyball; President's List, Two terms.

Second Row:

JOHN R. WENCIL, Ashtabula, Ohio; I.T.C. Flying Club, Secretary and Treasurer.

ROBERT S. WIND, Buffalo, New York; Beta Sigma Tau, Pledge Master; Intramural Football and Volleyball.

NOT PICTURED

ALLEN F. CULLEN, JR., Fort Wayne, Indiana; Member, American Rocket Society.

ROGER ISHIKAWA, Hilo, Hawaii; President's List, Two terms; Hawaiian Club; A.C.E.

CHEMICAL ENGINEERING

One of the newest branches of engineering, Chemical Engineering, has advanced rapidly. Practically all industry in some stage of processing, development, or manufacturing, must depend upon men with a knowledge of chemistry. Today there are highly specialized and diversified fields such as Gas, Metallurgical, Ceramics, and Petroleum. Because of its being the basic technology underlying the development and operation of virtually all industry, Chemical Engineering will realize even greater growth in the years to come.

Head, Chemistry Department

CHARLES D. DILTS
Instructor

ROBERT J. SWINDELL
Lecturer

IRVING J. WEINSTEIN
Assistant Professor

EDWARD P. GUINDON
Instructor

Chemistry is one of the fundamental sciences, important both in that it underlies all phases of modern living and in its own right as a field of employment for the several hundred thousand American chemists. Its scope includes everything from process control and analysis to the "glamor" fields of nuclear science and radioactive tracer technique, biochemical research, and organic synthesis of vital drugs, plastics, and explosives.

CHEMISTRY—Candidate for Degree

JOSEPH P. LINTEAU, Oakville, Conn.; A.C.S.; Secretary; Bowling Club; Intramural sports, Softball, Basketball; Assistant in Chemistry Lab. (7 terms).

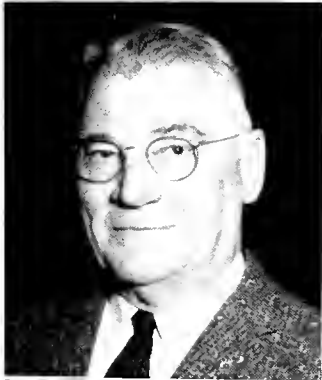

CIVIL ENGINEERING

The development in the various branches of engineering has created new problems in the design and construction of buildings, highways, airports, and other structures. The Civil Engineer is meeting the demands of our present age with new methods and ideas. Even though Civil Engineering is the oldest of the fields of engineering, it continues to grow and develop and provide opportunities for men of vision.

DRAFTING DEPARTMENT

Engineering Drawing is a descriptive graphical language used by engineers and designers throughout the world to express, develop, and record their ideas and information. Men of industry have indicated that Engineering Drawing is not only important, but absolutely necessary. Students need a thorough grounding in the fundamentals of science and communication, and should be trained early in the engineering approach for the solution of problems. They must have training in space visualization; they must develop their powers of analysis and synthesis; they must be given experience in creative thinking at the start of their college work; and their abilities to develop and record ideas must be constantly challenged.

LEE F. BERNHARDT

ELECTRICAL ENGINEERING

The increasing utilization of electrical power in this country makes immense demands on the Professional Electrical Engineer. He must know how to select, design, work out economics and production. He is the mastermind in the field of controls, as evidenced by today's automation. The skill and creative ability of the Electrical Engineer transforms theoretical knowledge into practical service to meet the challenges of the future.

CANDIDATES FOR DEGREE

ELECTRONIC ENGINEERING

Electronic Engineering is a highly specialized branch of Electrical Engineering. The importance of electronics is recognized as a field of engineering in its own right. To the Electronic Engineer is attributed outstanding development in such realms as guided missiles, radar, color television, electronic computers, radio communication, and atomic energy. The Electronic Engineering curriculum is planned to specialize a fundamental knowledge of electrical engineering to scientific application in the field of electronics.

PROFESSOR RALPH S. CARSON
Head, Electronic Engineering Department

MECHANICAL ENGINEERING

The field of Mechanical Engineering is so broad that no man can be an authority on all of its branches. Consequently, Mechanical Engineers tend to become specialists in chosen branches. Therefore, the student is given a thorough background in the basic sciences. This field is very extensive, for practically every manufactured article requires the services of mechanical engineers both in the design of the machine on which it is made and in the production of the article on those machines in the factory.

LAW AND ECONOMICS

DR. RALPH W. YOUNG
Head, Physics Department

If, as has been said, "this is the atomic age," then this is the age of physics. Nuclear weapons and machines are products of the physics laboratory. Each new day finds the physicists of our nation ever widening horizons of man's knowledge. Therefore, Indiana Technical College meets the need for training in physics by offering basic and advanced courses designed to prepare a student either for direct participation in industry, or for a scientific career of the more traditional type.

sports

Front row, left to right: Boyd Byerly, Jon Straup, Kent Johns, Don Roberson, Roger Whittig, Larry Mock. Back row: Coach Murray Mendenhall, Jr., Robert Little, Keith Huber, Wayne Coffey, Rudy Steglemann, Jerry Hipsher, Dale Graft, Mgr. Tom Scalzo.

INTERCOLLEGIATE BASKETBALL

THE COACH SPEAKS: This year again Tech had a fine basketball season. We had a 14-9 season which included victories over some very good teams. We were able to win two victories each over Tri-State and Concordia, our traditional rivals. The boys were in there at all times giving it all they had. They did a fine job throughout the year.

COACH MENDENHALL

FREE THROW TROPHY. This trophy was first presented at the conclusion of the 1957-58 campaign and was presented to Kent Johns who had a free throw accuracy of .825 per cent. It is a known fact among basketball circles that free throws are often the deciding factor as to the outcome of the game. Nice going, Kent.

BULGING BOILER. This trophy is a symbol of basketball rivalry between Tri-State College at Angola, Ind. and Tech's Warriors. It was presented by Dr. Planck in 1949. Tech held it for two years but lost it for four straight years. The Orange and Black brought it home during the 1954-55 season and it has been here ever since. May Tech's future teams have as much ability to hold possession of this fine trophy.

CARMI AWARD. This is another trophy that was first awarded after the last seasons play. It is bestowed upon the most outstanding player(s) on the basis of the following qualifications: leadership, scholarship, sportsmanship, value to the team, attitude and competitiveness. At the end of the season, it was thought that two players were worthy of this award and so it was presented to both, Dale Graft and Boyd Byerly.

DALE GRAFT

JERRY HIPSHER

RUDY STEGELMAN

DALE GRAFT—Senior—played guard and usually drew our toughest defensive assignment; a fine leader and Co-Winner of the Carmi Award.

JERRY HIPSHER—a good jump shooter and rebounder.

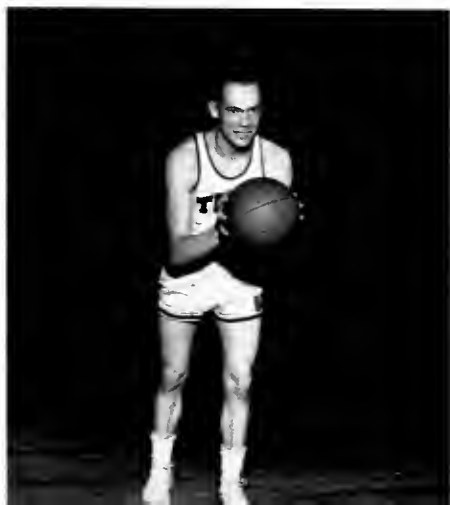

TECH'S STARTING FIVE

RUDY STEGELMAN—second year as our center and is a fine rebounder and defensive man; should be even tougher next year.

KENT JOHNS—small but fast—scratches as a fine timer; was winner of the Free-Throw Award with a record percentage of .825.

BOYD BYERLY—played his last year for Tech; a fine leader, our leading scorer and Co-Winner of the Carmi Award.

KENT JOHNS

BOYD BYERLY

WAYNE COFFER—Our reserve center—a graduating senior—his best "pinch hit" performance was scoring 10 points to help us beat Lawrence Tech. up there.

KEITH HUBER—Forward—1st year—gave starters stout help in rebounding and scoring—should be tougher with 1 yr. of experience.

ROGER WHITTIG—Guard—did a fine job in relief roll—both at forward and guard.

JON STROUP—Guard—1st year—improved greatly during the year—will be tougher with 1 yr. of experience.

DON ROBESON—Guard—1st year—a good driver and hustler.

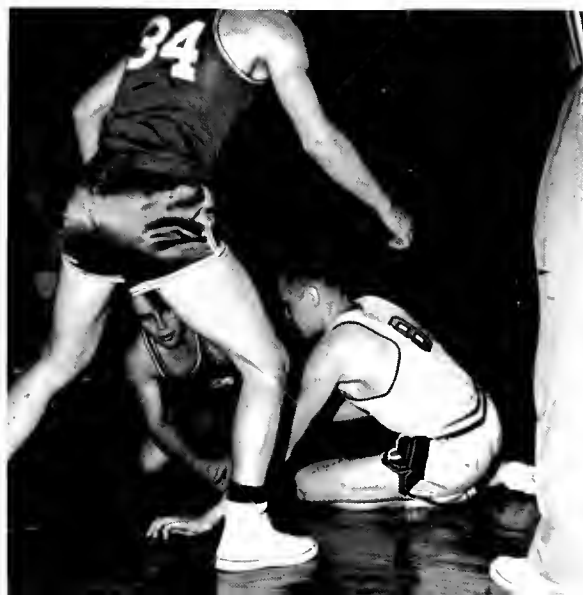

BOB LITTLE—Forward—1st year—a fine one hand shot and good rebounder.

LARRY MOCK—Forward—2nd year—good jump shooter—gave starters good relief.

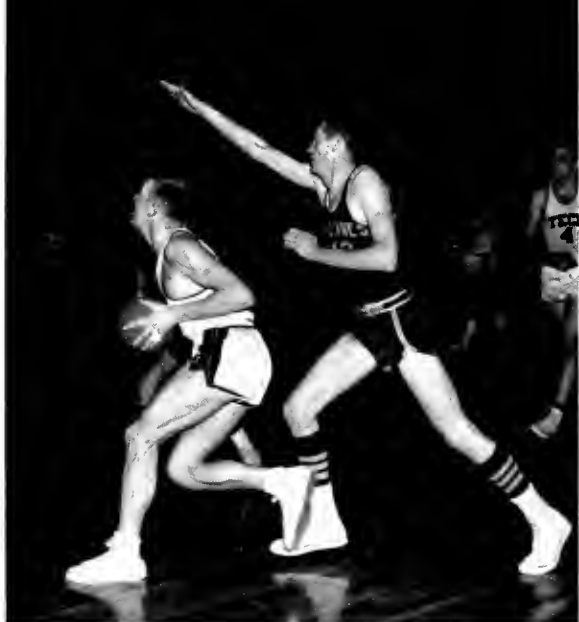

Hipscher going for the ball

It's mine!!!

Johns driving down the court

With a fine aggregation of seasoned veterans and aggressive newcomers, the 1957-1958 basketball team coached by Murray Mendenhall Jr., started with a bang. The Warriors won their first three games by impressive margins. Bliss was the first team to hand Tech a defeat but the Warriors avenged this later in the season.

During the season, two teams — Anderson and Oakland City — won both ends of the home-and-home encounters. Tech fared even better by taking both games from Concordia, Tri-State, Huntington and Lawrence Tech. The Warriors maintained possession of the "Bulging Boiler" by virtue of the victories over Tri-State. The team split with Detroit

Rudy, taking a hookshot

Tech, Bliss and Vincennes, each winning one of the games. In the various single game encounters, Tech won three out of five.

It was a very successful year for the Orange and Black. One of the highlights of the season was when Tech scored their highest total number of points for a single game. This was against Lawrence Tech in the last game of the season at the home court. Final score was 112-82. Previous high was 111 points against Bliss in 1955.

Only six games were really close, scorewise, and were decided with only a difference of four points or less.

Congratulations are in order to this fine team which represented ITC with not only some good basketball playing but fine team spirit and sportsmanship.

Front row, left to right: Charles Scherban, Darwin King, Jon Clark, Harry Okeson, Bob Wentz, Dan Craig and William Carroll. Back row: Coach Mendenhall, Larry Beerman, Roger Whittig, Sam Walker, Larry LaCotti, Harold Griswold, Jon Straup and Joe Moore. Absent when picture was taken: Ray Rowles, Nelson Wenrick and Al Maycock.

Won 8; Lost 10

Rowles clouts low pitch for a hit

This year Tech was able to complete the largest baseball schedule in the history of the school. The dry weather this spring enabled the Warriors to play all 18 of their scheduled games of which they won 8 and lost 10. As over half of the team was composed of "rookies", Coach Mendenhall is looking forward to the future.

In the hitting department, centerfielder, Bob Wentz, finished the season batting an impressive .402 average with pitcher-outfielder, Ray Rowles, following very close behind with a .396 average. Rowles was, also, the leading pitcher of the team with a 5-2 record.

Only two players were lost due to graduation and they are Roger Whittig and Larry LaCotti.

FENCING

Tech Fencing Club at practice under the supervision of Coach Wahl.

For many years Fencing was an old world accomplishment. Now, however, it is different. America with its established reputation of leadership has added fencing to its long list of sports and has developed many fencers who are equals to their European rivals.

Fencing is a game of willpower and spirit; it is a creative game and is an excellent school of individual combat. It demands the highest association of mind and muscles. It develops strength, resistance,

EPPEE TEAM—Bob Szerejko, Capt. Larry Shrout, Jowad Adham, and Bob Gorstein.

L. ShROUT launches an attack against an opponent from Detroit Univ.

quickness and coolness of mind. In fencing there are periods where two opponents are in contact through the medium of two thin shafts of steel; these are like an antenna down whose length, messages of strength, weakness, anticipation, nerves, tension, plan, and counter-plan are broadcast. The element of surprise is vital and a crafty fighter will spend minutes building up premises of false security in his opponent's mind.

To begin with a few definitions, there are three standard international weapons available — the foil, the Epée, and the sabre. There are different in size, shape and weight and each has its own set of rules. In a fencing tournament the team has to compete in all three weapons. For many years fencing has been taught at the Indiana Technical College and many fine fencing teams have gone out to compete with leading universities such as Chicago University, Notre Dame, Detroit, Iowa State University, Indiana University, etc.

Ed. Note: This copy was submitted by Henry E. Wahl, an active member of the Coach's Association of America and fencing instructor at Indiana Tech.

Stutzman putts, and pars the hole.

While other members of the team watch, Williams sinks a putt.

On the 1958 Golf Team, two returning lettermen from last year's squad, Ken Stutzman and Ronald Williams, provided the nucleus for this year's fine team. Newcomers, Dean Heaton, Holt Toni, and Harold Laurilla, a fine group of golfers, provided Tech with one of its most balanced teams in years.

A record of three wins, two losses, and one tie was most impressive in view of the difficult competition that the Tech squad faced.

An all-important practice session.

Kneeling: Dale Taylor, Rollie Pipes and John Wagner. Standing: Aaron Cohen, Robert Bucher, Jimmy Liao, and Dean Robinson, coach.

TENNIS

In the Spring of 1958 the Tech tennis team won six and lost two matches, which represents the best record that any tennis team at Tech has compiled. High points of the year were a victory over the Manchester College tennis team, which marked the first time in history that our team has been able to defeat Manchester, and a victory over a strong Goshen team.

While the best individual record was compiled by Bob Bucher (7 and 1), outstanding performances

were contributed by Captain Dale Taylor (5 and 3), who played No. 1, and the other members of the first five.

GRAND TOTALS—INDIVIDUALS AND DOUBLES

Matches		Pct.	Sets		Pct.	Games		Pct.
W	L		W	L		W	L	
35	18	.660	79	49	.617	648	544	.543

Front row, left to right: Thurman Shelton, Kent Johns, Bob Neargardner, James Murdock, Don Henderson, Don Parkes, Arnold Elgort. Back row: Coach Mendenhall, Ron Hicks, Kenton Quint, Keith Huber, Rudy Stegelmann, Ivars Veldre, Ray Yehling, Ed Sweet.

Though Indiana Tech's Track Team did not fair too well, win-wise, the losses incurred were not due to lack of team spirit but rather due to lack of team strength. In many of the individual events during the season's track activities, Tech had only one entry. Had they had more entrants per individual event, the season's record would surely have been better.

Tech's Track Team did have, within its ranks, some excellent competitors. Ivars Veldre was undefeated in the shotput, discus throw, and javelin throw in the four meets. Kent Johns won the mile run three times, the two-mile, twice, and placed in the other meets. Smith won the broad jump three times and placed in the other meet. Rudy Stegelmann placed in the high jump in every meet and Shelton usually placed in the 100 and 200 yard dashes.

Some of the members of the team entered into competition at the Little State Track meet at De-Pauw University at Greencastle, Indiana. Every college in Indiana is eligible to enter this meet except the Big Three — I.U., N.D., and Purdue. Thirteen colleges participated. Veldre placed third in the

TRACK

shotput and fifth in the javelin throw. Smith and Johns both placed sixth in the broad jump and mile run, respectively.

Though there was a fairly good turn out for track for the first year at Tech, Coach Mendenhall hopes to see many more come out the next year.

RESULTS OF THE MEETS

1. Albion	93
Manchester	43
Tech	25
2. Taylor	72½
Tech	49½
Earlam	40
3. Anderson	69
Tech	39
4. Bluffton, O.	75
Tech	37

Front row, left to right: Charles Carr, Al Maycock, Don Henderson, Bill Carroll, Bob Wentz, Harry Okeson, Harold Griswold, Ray Rowles. Back row: Murray Mendenhall, Bill Smith, Keith Huber, Wayne Coffey, Rudy Stegelmann, Roger Whittig, Ray Yehling, Kent Johns.

VARSITY CLUB

Guidish, $\Sigma\Phi\Delta$ fires one past Munson, $\Delta\Gamma\Upsilon$.

Gould, $\Delta\Gamma\Upsilon$, scoops up pitch missed by Good of $\Sigma\Phi\Delta$.

MECH. CLUB—Front row, left to right: Richard Kohl, James Buglass, John Brendell, Richard McKenna. Back row: Fred Brendell, David McCarty, Arnold Gahlinger, Dale Peters.

SIGMA PHI DELTA—Front row, left to right: Tom Scalzo, Jack Guidish, Tom Goebel. Middle row: Cal Collier, Mike Katovich, Bob Yoesting, Richard Schomer. Back row: Paul Latsey.

ALPHA GAMMA UPSILON—Front row, left to right: Don Cassidy, Clarence Beach, Ron Gould, Ken Hoggard. Back row: Jerry McDonald, Tom Zruno, Joe D'Ambrosio, Mahlon Rouch, Gil Gerard.

INTRAMURAL BASKETBALL

The win by the Mechanical Club over the Sigma Phi Delta team climaxed the Intramural Basketball season and resulted in the Mechanicals being the undisputed "Champs" of the season's play. The final score was 33-26.

The victors had to play off a tie situation in the Western League with the Civils before advancing to the championship tilt against Sigma Phi Delta who were the Eastern Leagues champs.

Sixteen teams participated with each league comprised of eight teams. Much enthusiasm, team play, and good sportsmanship were demonstrated throughout the entire season. This would seem to indicate that next year should be even a better one. An interesting sidelight is that for some of those who participated in the games, it was their first encounter with this sport.

SIHLER HALL—Left to Right: Bob Wageman, Ray Yehling, Terry Parrish, Toivo Maiste, Larry Reanas.

HAWAIIAN CLUB—Front row, left to right: David Segawa, Hideo Toyama, Wilfred Honda, James Takeuchi. Back row: Sam Zaen, Gordon Hashimoto, Frank Yamada, Larry Watanabe, Dick Agawa, Harry Honda.

NEWMAN CLUB—Front row, left to right: Jim McCleneghen, John Wagner, Sam Walker. Back row: Don Skiba, John Toy, Leo Thiemann, John Patrick, Ed Pelic. Bob Hayes was absent when picture was taken.

CIVILS—Left to Right: Leon Beatty, Luis Masforrol, Bill Austin, Herb Underwood, Ken Longwell.

The Intra-mural Activities at Tech bring into active competition many students. Much effort and work in organizing these activities is required if they are to succeed. Much credit is to be given to Mr. Mendenhall, coach at Tech, for his very important roll in seeing that this is accomplished. Also, those leaders, captains, etc., of each team and the team,

VOLLEYBALL

itself, along with the referees and umpires deserve much credit for making this year's intra-mural events a success from the very beginning.

INTRA-MURAL BOWLING

The Indiana Technical College Bowling League had another highly successful season. This year the league was expanded to 18 teams since there were many more enthusiasts wishing to bowl. Success was evident in that not one forfeit was registered during the entire season. This is a first for the ITC Bowling League.

The season was divided into two sections. The league was divided into halves. The Electronics were the first half season winners winning over the Hawaiians. The Faculty team were second half season winners. They defeated the Chemicals. In the roll-off between the Electronics and the Faculty, the Electronics came out on top by a narrow margin.

Approximately 140 bowlers were active at one time or another during the past season of bowling.

A Head-Pin tournament climaxed the actual bowling season with Ted Alt of the Electrical Club winning the event with a score of 308. Total possible score is 360.

"CHAMPS"—Electronics, left to right: John Young, Bob Bassett, Bob Rife, Harold Fanning, and Harold Worley.

The aims of the Club are:

a. The dissemination of true and adequate information about the Arab people, their history, culture, problems and aspirations.

b. The extension of help and guidance to Arab Students at Indiana Technical College.

c. The securing of scholarships for the benefit of Arab Students from various sources and raising a separate fund towards the achievement of this purpose.

d. The promotion of a better understanding and stronger ties with the American people and various friendly organizations.

As a part of the social program sponsored by the club, lectures about the Arab World are given by the members. These lectures have been given at Fort Wayne, Decatur, North Manchester, Indiana; Bryan and Toledo, Ohio; and parts of lower Michigan.

The Indiana Technical College Chinese Club was officially organized during the winter term of 1958.

The members of this club are of Chinese origin and are students of Indiana Technical College. The primary purpose of this organization is to develop the general culture and social relationship of its members.

CHINESE CLUB AIMS

To organize and promote the friendship of the Chinese students in Indiana Technical College

To cultivate a better character and manner in its members.

To learn and retain a good hobby.

To study the oriental and western cultures.

To promote a high degree of moral standards.

To develop originality, initiative and leadership.

To instill in the members a worthy philosophy of life to guide them in later life.

To participate in intramural sports and achieve school honors.

To help other students to live a more satisfying and fruitful life as they integrate into college life.

Special Guest, Rev. Miss Ellen M. Studley from Midwest Chinese Student and Alumni Services gives an interesting talk about the Chinese students and alumni in the midwestern area.

Dinner is being served at Dr. Render Tuan's home.

Dr. Render Tuan gives conclusions while others listen attentively.

ASSOCIATION OF CIVIL ENGINEERS

First Row, left to right (sitting): Glen Garrelts, Jaime Lerner, Roland Hulbert, Leon Sevilny, Winston Holding, Gayander Patel, Charles Jamison, and Moustafa Imram. Second row: Kenneth LaVan, Ronald Black, William Nobis, Carlos Gachhorna, Willard Stevenson (Club Moderator), Jerry Levitt, Robert Graham, China, R.S., James Neilson, and Tom Newton. Third row: Joseph Halterman, Fred Rosiek, Robert C. Ruhl (Dean), Albert Shapiro, Ken Laufer, William Austin, Olsen, Gene Neff, Bernard Whitcomb, and Gerald Price.

The Association of Civil Engineers of Indiana Technical College is an organization of the students enrolled in the civil engineering department and the departmental instructors.

The objects of the club are:

To help all students to become more quickly adjusted to life as a student here at Tech. To ready the student for some of the problems which he will face after graduation by inviting men from the different branches of the civil engineering field to our meetings as guest speakers; also showing movies pertaining to the civil field.

The club has one field trip each term, one mid-term party, a senior banquet in honor of all the seniors of the club, and an award given to the outstanding graduating senior each term.

Prof. Robert C. Ruhl, Dean of Engineering and Chairman of the Civil Engineering Department, has been on leave for the summer quarter. Not least among his activities was a week of digging ditches in his back yard, in which he studied the more practical aspects of sewer design.

Field trip to Central Soya Company at Decatur, Indiana last July.

Watching a grain filled box car being unloaded on a huge automatic unloader.

Where'd it go?

Tough Team!

AMERICAN CHEMICAL SOCIETY

The members, although small in number, have presented a Chemical Society which is commendable; they have by their interests and activities presented a good social program supplemented with technical seminars.

The purpose of a specific society, such as the American Chemical Society, is to advance the profession it represents; to better social relationships of persons in conjugate professions and to aid members in associating with one another, thereby learning how to deal with people and becoming potential leaders. It has been with these ideas that the society functioned during the term 1957-1958. Regular bi-weekly meetings were held throughout the year as were also the chemical seminars. The members, themselves, organized their functioning body and social committees. Elections were held for the various offices. Two field trips were sponsored: One to the Chicago Museum of Science and Industry and

the other, to Eli Lilli and Company which is in Indianapolis. These excursions were chosen so that students would have the opportunity of seeing the practical end of chemistry, and also to see how chemistry functioned as an industrial giant. A banquet was held during which a notable guest speaker, Dr. Micelli from the United States Rubber Company, talked about his particular field in chemistry—rubber and its present applications.

For the extremely socially minded, the society held a "smoker" at the beginning of each term. This function served as a "get acquainted" gesture to introduce the new members to the society. Both the new members and the old felt that this was an excellent way of meeting one another. The society hopes that the coming year will bring more members into its fold, and it looks to the future with a feeling of optimism: More members, more activities, and more accomplishments.

First row, left to right: D. J. Koestler, Student Advisor; Ray J. King, Faculty Advisor; Donald A. McClain, Richard T. Agawa, Sukhbir S. Virk; Donald Schadt, Ralph Spayd, Secretary; James R. Bunting, Chairman; Charles A. Williams, Vice Chairman; Leonard Stenberg, LeRoy E. Smith; Anthony Ostroski, Stephen Trusik, Richard C. Hansen. Second row: Gilbert K. Buddenbaum, Ralph L. Mueller, Ranjit S. Grewal, Herbert K. Morgan, Lynne Stewart, Michael Johnson, Lonnie C. Meadows, Theodore Alt, Thurman H. Henderson, Thomas W. Gurr, Stephen R. Sedore, Robert G. Butcher, Charles Adams, Frank Futala, Walter Bacon, Robert H. Mack, Stephen Spishock, William Keating, Kenneth A. Zimmerman, Corres. Secretary; Harold Worley, Gerald Hawk, Johah Mann. Third row: Paul Mücke, Dean Shaw, Robert Forgit, LeRoy Green, U. F. Masullo, J. E. Heiss, Anthony Stoll, David Laird, J. R. Taylor, E. L. Robinson, G. T. Reece, John P. Wilson, John Kowal, Louis J. Gerics, Joseph Caffiers, William Calhoun, Robert Clark.

INDIANA TECH ELECTRICAL ASSOCIATION

Membership in the Electrical Association is open to any student enrolled in the electrical or electronic departments. The association promotes interest in electrical engineering by promoting new phases of engineering and by sponsoring talks and discussions by speakers from industry.

AUDIO ENGINEERING SOCIETY

The student section of the Audio Engineering Society was organized in the Winter Term, 1955-1956, to provide a medium for Tech students interested in Audio Engineering, either as a career or as a hobby, to exchange ideas and to learn of new developments in the field.

Members of the Student Section hold the grade of Student Member in the Audio Engineering Society and, as such, receive full benefit of membership in that organization.

Activities of the club include field trips to companies that are directly concerned in the development of audio products. A banquet is held annually as a social function of the club. At the present time a move is under way to obtain a room where equipment may be stored, where members may come to work on audio equipment, circuits, or converse with fellow members.

First row, left to right: Frank J. Affeldt, Garland F. Linde, Treasurer; Lyle Fajen, Chairman; W. W. Appel, Faculty Moderator; Charles Armbrust, Secretary; Joe Bova, Vice Chairman; Gene L. Faulkenberry. Second Row: Leon Recker, Tarum B. Shah, Warren B. Frank, John Walrath, Herbert K. Mertel, Gordon Honert, Richard Simonic, Lawrence J. Burch. Third row: Gerald J. Buchko, Robert Dale, Gordon Hart, LeRoy Green, Paul Blanchard, Jim Mareello, Sylvester Chmura, Earl C. Kepner, Jr.

Thursday, June 12, 1958 at the Seminar held during Open House. Pictured in background at left is Mr. Sweet of the Audio Center—he donated the equipment. In foreground, center, facing the camera is the guest speaker Mr. B. J. White, development engineer of RCA Victor Record Division, Indianapolis. This seminar was sponsored by the Audio Engineering Society.

A group of students who visited the Heath Company, Benton Harbor, Michigan. The Heath Company is a manufacturer of electronic equipment kits. This field trip was conducted by the Audio Society on July 1, 1958.

First row, left to right: Albert R. Martin, E. J. Hendrix, George H. Peterson, Charles Adams, Nick Eaker, Grant Paulson, Ray Hansen. Second row: Calvin Collier, Ross K. Smith, Thomas C. McCormick, Dale Taylor, Carl Nadeau, Paul M. Yourt, Donald E. Lawton, Donald L. Peters, Donald L. Timmerman, Harold Worley, Robert A. Williams, Carl E. Winsel. Third row: Anton H. Jessberger, John R. ELECTRONIC ENGINEERING SOCIETY

OFFICERS

NICK EAKER	Chairman
GEORGE PETERSON	Vice-Chairman
WALTER JORDAN	Secretary
JIM HENDRIX	Treasurer
CAL COLLIER	Publicity Director
MR. ALBERT MARTIN	Faculty Advisor

The Electronic Engineering Society is a departmental organization of the Electronic Engineering Department at Indiana Technical College. Its aims are to provide the electronic engineering students

with interesting meetings of an informal nature, an opportunity to hear qualified speakers of topics pertinent to the electronic engineering field, and to unite all electronic engineering students so that they may have a chance to get acquainted.

When inclement weather does not prevail, the organization supplements its normal activities with field trips to various plants and industries engaged in the design and production of electronic equipment. The field trips are not restricted to the local area; they include the entire tri-state area.

INSTITUTE OF AERONAUTICAL SCIENCES

The I.A.S. is the representative society for engineers, designers, and technical specialists in all the sciences related to the design and development of aircraft. Its basic mission is to facilitate, by all

available means, the interchange of technical ideas among aeronautical engineers throughout the industry.

First row, left to right: A. Gibson, R. Nelson, T. Williams, I. Folks, F. Margosiak, D. Colburn, T. Eichorn, R. McGuire. Second row: R. Johnson, J. Wencil, J. Wilson, K. Covey, B. Dow, Faculty Moderator; G. Faulkenberry, R. Van Kley, J. Bouma, D. Walker. Third row: R. Harmer, L. Leonard, A. Zampieri, J. Conley, H. Auer, T. Kilmurry, E. Nories, C. Creel, H. Orth, R. Hutson, E. I. T. C. FLYING CLUB

OFFICERS

(Seated) John Bouma, President; (left to right) Edward Mayo, Publicity Officer; Richard Nelson, Vice President; Robert Hutson, Flight Coordinator; Carl Rhoda, Safety Officer; Edward Cox, Secretary; T. De Verteuil Williams, Treasurer.

The I.T.C. Flying Club, largest and most active student body group, is composed of sixty members. The Club owns two planes, a Cessna 140, and an Aeronca Champ; both are hangared at Smith Field. Day and night—local and cross-country flights are made at a very slight expense to the members. The Club was formed to make flying possible for the students who own license, and qualified instruction possible for the students who wish to obtain a license at a reasonable cost. The Club operation is solely supported by members' dues.

Club Planes at Smith Field: Aeronca Champ in foreground, Cessna 140 in background.

First Row: Isamu Higa, Stanley L. Babbitt, Secretary; Mr. Ralph S. Carson, Faculty Moderator; Henry F. Corson, President; William Frisbie, Second Row: Jerald Brouwer, Eugene Mars, Fredrick Slaughter, Treasurer and Chief Engineer; James R. Loucks, Richard E. Oakley, Raymond J. Ryan, Richard L. Prunuske, Vice-President; Clyde F. Davenport, Members absent: Robert A. Seo, Dennis Mulcahy, Jesse Durbin, William E. Berndt, Paul F. Welty, Charles Yelverton.

An impressive collection of reply cards from stations worldwide; also awards for "Worked All States," "Rag Chewers Club," and membership in the "Indiana Radio Club Council."

The purpose of the Kegionga Amateur Radio Club is to foster amateur radio activities among the students of Indiana Technical College. The Club operates its own equipment on the 80, 40, 20, 15, 11, 10, and 6 meter Amateur Bands. Mobile operation, a large transmitter project, and Code classes for the beginners headline our present activities. Serious experimentation as well as Civil Defense and message handling is a part of our contribution to the community.

Students of the school were offered the facilities of our message handling service. The club is constantly swelling in number and in the latest in electronic equipment. Our antennae system comprises dipoles on 80, 40, 20, and rotateable beams on 15, 11, 10, and the 6 meter Amateur Bands.

The Mechanical Club is the official social organization of the Mechanical Department of Indiana Technical College.

Meetings of the club are held at two week intervals during each term. At the meetings, interesting and informative films are shown, and speakers are occasionally presented. The club schedules field trips to industries in Fort

Wayne and also to plants in out-of-town locations.

The entrance of the Mechanical Department into intra-mural sports is controlled by active members of the club.

All club members are recognized as affiliates of the Fort Wayne Section, ASME and are eligible to attend the meetings and functions of this organization.

N E W M A N C L U B

The Newman Club is designed to help the Catholic students on secular and state college campuses in their religious, cultural and social life. The various activities sponsored are aimed to supplement and round out the education of the students, under the guid-

ance of chaplains appointed by the Bishop of the Diocese. The inspiration of the great Cardinal Newman, long an advisor at Oxford University, is the beacon guiding the various foundations which exist at over 300 colleges and universities in the United States.

INDIA ASSOCIATION

STUDENT COUNCIL

Keep your eye on this laboratory. Very soon it will be one to be proud of. As can be seen, the lab is already expanding with experimental equipment.

PHYSICS CLUB

Keeping in step with the progress at Indiana Technical College, the Physics Department has sponsored a newly formed organization called the Physics Club. Under the moderatorship of Mr. L. R. Etter, the Physics Club has set as its goal the advancement and diffusion of knowledge of the science of physics and its application to human welfare.

The organization has acquired a laboratory for experimental projects. An X-ray machine, a Van de

Graff generator, and an electron to mass ratio apparatus are among the experimental apparatus that have been acquired. The club's activities include field trips into industry and the acquisition of notable lecturers in the field of Physics.

Membership in the organization is open to all students having physics as one of their primary interests.

First Row, left to right: M. A. Azad, Mr. A. C. Steinbach, Faculty Moderator: S. M. Khan, S. J. Ahmed. Second Row: T. H. Gill, N. A. Siddique, A. H. Mian, S. Haq, A. S. Haider, Wajeeuddin.

TECH STUDENT WIVES' CLUB

OFFICERS

(Sitting) Sandy Klein, President; Standing, left to right: Kay Bradley, Vice-President; Sue Bach, Treasurer; Virginia Piner, Secretary.

The Tech Student Wives' Club meets bi-weekly at the Fort Wayne Housing Authority Recreation Center, 1825 Morris St. Throughout the year the Club has had such activities as a Chinese Auction, a picnic, a Civic Theater production and a variety of speakers. Highlighting the year are the semi-annual banquets honoring members who are wives of graduating seniors. All wives of Tech students are urged to join this informal club which has been organized for them.

UKRAINIAN STUDENT CLUB

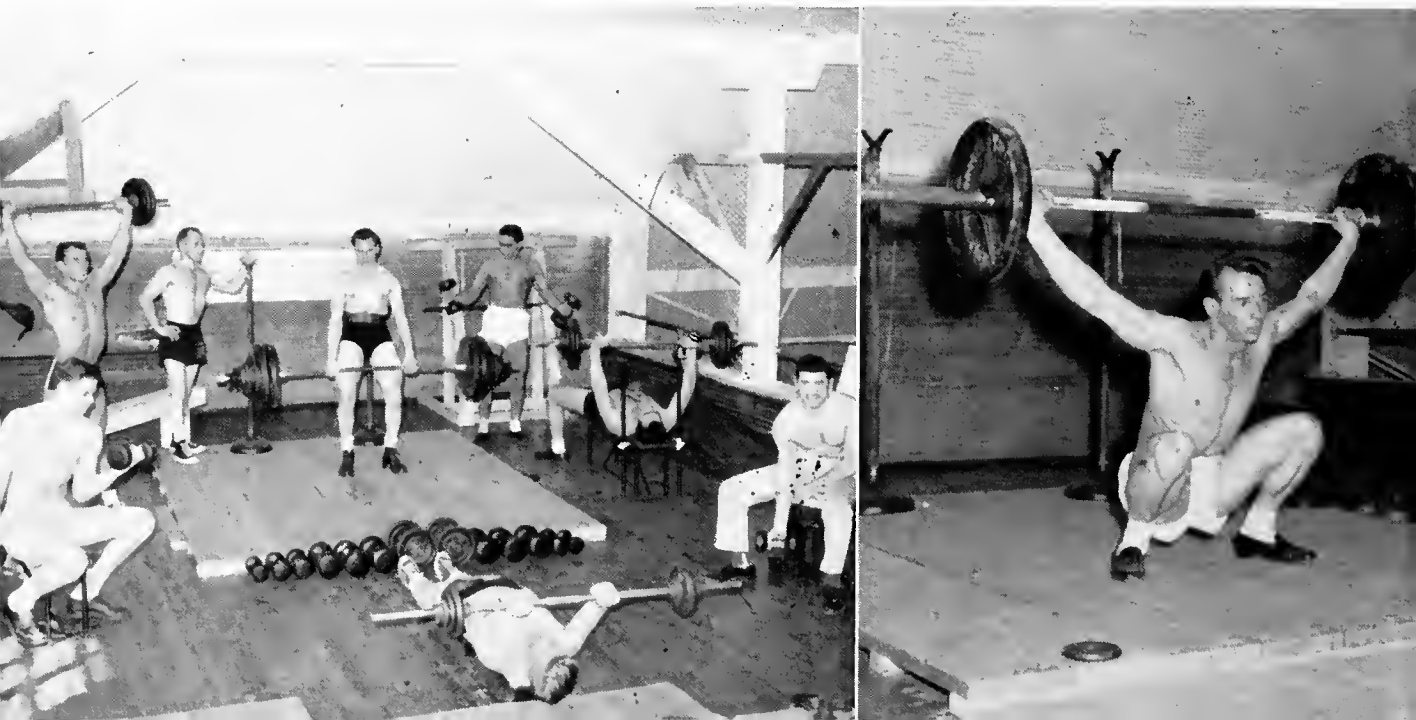

WEIGHTLIFTING and BODY BUILDING CLUB

The Weightlifting and Bodybuilding Club of Indiana Tech had its inception in the newly acquired gymnasium in January of 1958 under the presidency of Ken Gulla and with the assistance of Faculty Moderator, Jack Quinn and the cooperation of Athletic Director, Murray Mendenhall.

At the present time the club has obtained several hundred pounds of weights and a variety of specialized bodybuilding equipment. Membership has grown to approximately forty active members who have scheduled workouts two hours a day for three days a week. Competitions are held from time to time each term among the members.

Development of the club will continue as new members and more equipment are procured. It is anticipated that teams from the club will represent Tech in various intercollegiate and national competitions.

Members working out in our new quarters.

Front Row, left to right: Herbert Lenzkes, Don King, Chuck Toepfer, Warren Frank, Kurt Stiefvater. Second Row: Dick Tavano, Walt Schultz, Fred Scribnik, Dick Bayles, Jim Robertson, Treasurer; Jack Quinn, Faculty Moderator; Joe Perri, Dan Bednarski, President; John Walker, Ed Koepp, Vice-President; A. B. Albers, William Jacob, Earle Brown, Public Relations.

Dan Bednarski, with 300 pounds aloft, is the outstanding lifter of the club. Dan has gained state and national recognition for his lifts. His 765 pound Olympic lift total is the present record for the 165 pound division of the state of Indiana.

Ed Koepp represents the bodybuilding segment of the club. Ed won the Mr. Indiana Physique Title in 1955 and, in addition, has placed in various state and national physique competitions.

Kneeling, left to right: Vincent Quaderillelu, Stan Puskarz, Mel Miller. Standing: Richard Kerr, Charles Kissieling, Norbert Torzyn, Cleo Betts.

Those who participated in the tournament are from left to right, front row: Sam Reitz, Dom Pitone, Don German, Don Henderson, Sam Giavara, Gary Ridenour, Norm Palazzini. Back row: Dick Heivy, Kemp Stieber, Tom Goebel, Joe Consonni, Joe Sekel, Tom Ryan, Bob Payne, Ron Petroff.

INTERFRATERNITY COUNCIL

Formed at Tech during the 1951-1952 school year, the Inter-Fraternity Council has as its goal the betterment of relations between the recognized fraternities and the school paper. It is composed of two members from each fraternity. By competing in most all the intramural sports, the members of the

various member fraternities are afforded an excellent opportunity to expand their acquaintances, to mingle, and exchange friendship and cooperation. Present member fraternities: Alpha Gamma Upsilon, Beta Sigma Tau, Kappa Sigma Kappa, Kappa Sigma Phi, Sigma Phi Delta.

Front Row, left to right: Sam Reitz, Al Shapiro, Ray Rowles. Back Row: Ron Bonar, John Mutkoski, Joe Sekel, Sam Ketchum, Joe Bienes.

I O T A T A U K A P P A

Iota Tau Kappa was organized as a means of rewarding exceptional scholarship. In September of 1942, Indiana Technical College inaugurated an honorary scholastic fraternity symbolizing "Industry, Truth, and Knowledge" by the Greek letters Iota Tau Kappa.

Students maintaining a point average of 3.5

or better for each of four terms of college work became eligible for membership. It is the conviction of the fraternity that with "Industry, Truth, and Knowledge" as a beacon on our path through life no problem or task will appear too difficult.

Seated, left to right: Ralph Carson, Albert R. Martin, Earl C. Kepner, Jr., Vice President; Kenneth A. Zimmerman, President; Joseph W. Cranmer, Benjamin Dow, Howard Macklin. BETA SIGMA TAU

Beta "B"s

Beta Sigma Tau is one of the newest fraternities at Indiana Technical College. Originating as Theta Mu Phi slightly over a year ago, later as Beta Sigma Tau, Indiana Technical College Colony and on the eighth of September, 1957, Beta Sigma Tau was accepted as a member of the national organization.

The ideals of this social fraternity are Brotherhood and Democracy which transcend racial, national and religious differences. One of the many highlights has been the purchase of the fraternity house located only three blocks from the college campus.

KAPPA SIGMA PHI

A pledge class proudly displays their costumes.

Kappa Sigma Phi is a social fraternity dedicated to the promotion of Fellowship, Scholarship, and Sportsmanship. The purpose of this fraternity is to bring together, in close bonds, the brothers of this fraternity; to assist one another while in school as well as in the business world.

Kappa Sigma Phi was incorporated on November 27, 1946 as a social fraternity. On October 1, 1950, Beta Chapter was recognized by Indiana Technical College. The fraternity owns and maintains a house at 1509 Hugh St. The brothers extend several invitations to prospective pledges each term for initiation into the fraternity.

SIGMA PHI DELTA

OFFICERS

RICHARD E. BENDER	Chief Engineer
ROBERT SHERLIN	Ass't. Chief Engineer
LELAND REID	Business Manager
HAROLD KELLER	Secretary

The social life of an engineering student is limited by the amount of time he can devote away from long assignments in scientific theory and long hours in the laboratory. A social engineering fraternity, within which the professional engineer can plan his social life in accordance with his work load, gives him a broadened culture necessary to assure entrance into post college life without being flat on one side. This is the function of Sigma Phi Delta.

A L P H A G A M M A U P S I L O N

Ron and Joe with fraternity displays at Indiana Technical College's Open House.

A brief resume of the past year's events easily supports Alpha Gam's past, present, and future theme—continued growth in every respect.

This past year Beta Men became an integral part of the recreational program of the Ft. Wayne State School for the mentally retarded. The many outings were highlighted by taking a group to the I.O.O.F. sponsored Rodeo. Another enjoyable outing was an Easter Egg Hunt put on for the benefit of the children at the County Orphans Home.

In the field of sports, our competitiveness is evidenced by the accumulation of trophies in our house.

A closely knit group, it is hard to find a member by himself.

A highly successful social event put on by the pledge class of the spring term for the membership and their dates.

Presentation of the Alpha Gamma Upsilon Scholastic Award to two deserving students from Tech, John Zmuidzinas and Richard LaFever, by Pres. Durand on the left and Mr. Unger on the right.

A glance at Beta's social calendar recalls two very successful dances sponsored by the Alpha Gams' which drew upwards to 500 people, and, also, many smaller dances and parties held at the Chapter House.

Another big event was the Alpha Gamma Upsilon National Convention held in Ft. Wayne on Oct. 17, 18, and 19 sponsored by Beta Chapter. The unified effort of the membership was a key factor in the success of the memorable occasion.

Alpha Alpha Pi, our sister sorority, has on many occasions aided the fraternity in helping to make many of our projects a success.

A successful year has now been closed. Thoughts and actions are now turned to the year forthcoming.

ALPHA ALPHA PI, the auxiliary chapter of ALPHA GAMMA UPSILON, is composed of wives and fiances of active members. Seated left to right are Mrs. Gerrard, Mrs. Hoggard, Mrs. McDonald, Mrs. Swisher, Mrs. King, Mrs. Talbott, Mrs. Brooker and Mrs. Covert.

Business Meeting?

At one of our highly successful dances.
